Dear Friends,

Here we go again...

The Hosts of EMC2022 and EWC2022, and EBF agrees with the decision, have decided to postpone the European Men Championships which should be held in Helsinki, Finland 19-30 January 2022 and the European Women Championships which was planned to be held in Aalborg, Denmark 9-20 February 2021

This postponement comes due to the status of COVID-19 in both Host countries and many travel restrictions in place.

The Hosts and EBF are working hard to find alternative dates, and hopefully we can inform those dates as soon as possible. It is no secret however that all involved are looking at weeks 20-24 as the ideal timeframe.

Thank you all for understanding – and a Happy New Year.

Kind regards  
Valgeir Gudbjartsson
